Five (5) Piece Kit

Product Description

New for 2009 and celebrating BH North America's 100 year company anniversary – we introduce Ulti-MATE Storage in Starfire White/Pearl with metallic flake. This stunning modern color will deliver that "Wow" feature, but this cabinet is not all about the cabinet facing color, incorporates custom shop features not found in the marketplace and offers endless possibilities for storage use in; Garage, Utility, Laundry, Pantry, Basement, Home Office, etc.

Five (5) piece cabinet kit offers a great mix of storage cabinets to meet your many storage organizational needs. Tall Cabinet offers large storage space to get the items of all sizes stored, three drawer and single door base cabinet with work top create a great work station and space saving wall cabinets offers a variety of storage uses to further organize your room. Modular cabinet design offers infinite designs, rendering just depicts one design.

Kit offerings also provide savings versus purchasing cabinets individually, so find the right Ulti-MATE kit as your design foundation first, add cabinets as needed for savings.

Ulti-MATE Storage modern styling with industrial strength is built to last, just like the manufacturer who has been delivering quality products with innovative designs for over a lifetime, rarely found today. Other high-end features include; Radius profile on cabinet facings for refined styling, Euro adjustable hinges that are recessed into door for custom shop styling, ball bearing drawer glides for smooth operation, strong 100 lb load rating per shelf, adjustable 4" designer feet, integrated recessed work top on base cabinet and much more.
